DETAILED ACTION

Claims 1-20 are pending. **Claim 18** is rejected. **Claims 16, 17, and 19** are objected to. **Claims 1-15 and 20** are drawn to allowable subject matter.

Claim Objections

Claim 16: Substantial duplicate;

Claims 17; 19: "Medicinal product";

Claim 19: Substantial duplicate

Claim 16 is objected to under 37 CFR 1.75 as being a substantial duplicate of **Claim 1**. **Claim 16** is interpreted to be a compound claim, which is not limited by the intended use, "for the treatment. . ." When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Likewise, **Claim 19** is objected to under 37 CFR 1.75 as being a substantial duplicate of **Claim 17**. **Claim 19** is interpreted to be a product claim, which is not limited by the intended use, "for the treatment. . ." When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after allowing one claim to object to the other as being a substantial duplicate of the allowed claim. See MPEP § 706.03(k).

Applicant may consider amending **Claims 17 and 19**, drawn to "medicinal product[s]". "Medicinal product" may later be interpreted as less precise than "pharmaceutical composition".

Claim Rejections 35 U.S.C. §§ 112 and 101

Claim 18: Use of

Claim 18 provides for the use of a compound of Claim 1. However, no steps are set forth. Therefore, it is unclear what method/process applicant is intending to encompass. Indefinite claims merely recite a use without any active, positive steps delimiting how this use is actually practiced.

Claim 18 is also rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966).

Allowable Subject Matter

Claims 1-15 are drawn to allowable compounds, salts, solvates, and solvates of salts according to formula (I) and (Ia). **Claim 20** is drawn to an allowable method of using the products of **Claim 1**.
